PREM CHINDALIYA

I am currently pursuing Bachelor of Arts {Political Science } from School of open learning , University of Delhi. As a teenager, I was the kid other students approached about their issues. I was the go—to person for resolving everyone's problems. Here's one of my problem—solving skills established. I always had leadership skills and look forward to making them more efficient. Since I am an extrovert, I easily adapt to my surroundings, love talking to people and knowing their stories, and am open to learning new things wherever I can. I feel that it's time to explore new challenges and take the next steps in my life.
