Academic Details

o **Bachelor of Science (Hons.) Community Science**
Chaudhary Charan Singh Haryana Agricultural University, Hisar;
CGPA: 7.31
(PASSOUT-2022)

Soft Skills

Analytical | Collaborator | Adaptable

Technical Skills

o **Programming Languages:**
C#, HTML, CSS, OOPs, SQL
o **Frameworks & Technologies:**
NET Core, Entity Framework Core, LINQ, WEB API, MVC, jQUERY, AJAX, Bootstrap Framework
o **DBMS:**
SQL Server, MySQL
o **Tools:**
GIT, JIRA, PostMan, VS Code

Core Competencies

Agile Methodologies

Software Development Life Cycle

Restful API

Debugging

Performance Optimization

SOLID Principles

Clean Architecture

Design Patterns

Languages

Hindi   Native ●●●●●

English   Intermediate ●●●

Profile Summary

A detail-oriented **Dot Net Core Developer** with **experience of nearly 1+ year** in back-end Software Development. Skilled in designing and developing backend architecture that lays a strong foundation for applications to thrive. Proficient in dot net core, ASP .Net MVC, Web API, OOPs, MySql. Ready to contribute my skills and expertise to drive impactful results in dynamic software development environments.

Work Experience

Worked as .NET Core Developer at KMA Technoware Pvt. Ltd.
June 2023-Present

o Implemented ASP.NET Core with clean architecture principles for backend development, ensuring scalability and easy maintenance.
o Collaborated with cross-functional teams to ensure seamless integration of new technologies and solutions.
o Successfully resolved bugs in the backend, ensuring smooth functioning of the application.
o Played a pivotal role in addressing complex challenges promptly, showcasing strong problem-solving skills to maintain deliverable quality and project integrity.

Projects

HAPINI
Tools: C#, .Net Core6, Web API, MySQL, LINQ, RESTful APIs, Entity Framework, Visual Studio 2022, Postman, GIT

Projecct Description: Hapini is a versatile and comprehensive ecommerce platform designed to cater to a diverse range of services, simplifying everyday tasks and enhancing convenience for users.

Roles & Responsibilities:
o Contributed to the development of the **Property Management** and **Tutor Management Modules** on the Hapini e-commerce platform, optimizing property transactions and enhancing tutor-student connections.
o Designed and implemented JWT-based authentication for secure user authentication and authorization.
o Developed RESTful Apis using ASP.NET Core, facilitating seamless communication between frontend and backend systems for improved user experience.
o Developed efficient and optimized SQL queries for data retrieval and manipulation.
o Implemented a robust notification system to enhance user engagement.

Passions

💡 **Learning New Technologies**
Passionate about continuous learning, constantly updating my skills and knowledge regarding the latest technologies.

⭐ **Programming Challenges**
Enjoy tackling complex coding problems and finding optimum solutions.
