

## Graphic Designer

# Saquib Ali

### Professional summary

I am a highly creative and multi-talented Graphic Designer with 2+ years of professional experience. My specialty is designing high-end social media posts, website interfaces, logos, branding materials, and print designs. I have a keen eye for detail and a passion for making creative ideas come to life. I am a skilled communicator with the ability to interpret business goals and transform them into visually stunning designs that exceed expectations. My technical skills include Adobe Creative Suite (Photoshop, Illustrator, InDesign), UI/UX, Presentation and Motion Graphics (Premiere Pro & AfterEffects)

### Experience

#### Graphic Designer

November 2022 - February 2024

Dean Infotech Pvt Ltd / India, Faridabad

Leveraged my design skills and technical acumen to produce creative designs. Developed an extensive portfolio of work that demonstrated creative flair and attention to detail. Responsibilities included: Creating print-ready artwork for brochures, flyers and advertisements. Designing logos, icons and other graphical assets. Adapting designs for digital media including websites and apps. Conceptualizing graphics for campaigns and promotional materials.

#### Graphic Designer

January 2022 - November 2022

Freelance / India, UAE, Russia

As a Freelance Graphic Designer, I had the opportunity to work in multiple countries including India, UAE, and Russia from January 2022 to November 2022. During my freelancing, I was able to hone my skills in graphic design and expand my knowledge of different cultural design styles.

- Developed creative and visually appealing designs for clients
- Collaborated with team members to conceptualize and execute design projects
- Managed multiple projects simultaneously and met tight deadlines
- Utilized Adobe Creative Suite to create high-quality designs
