PROJECTS			
NAME OF PROJECT	Г	LEARNING	YEAR
Real Time Simulation Of Voltage Regulation	Implementation	n of Simulation Model of Voltage Regulation for nission Line for Real Time Power Systems Using	2019
Smart Street Lighting Sys	• Analyzed the s	solution creates a safe circle of light around an abining safety with savings.	2017
Home Automation System	Provides saving	gs, safety, convenience, and control through ur mobile , Laptop or other devices	2016
DTMF Controlled Robot	 Explained the Advancement and Technology Driven Systems (How any system virtually controlled from anywhere) 		2015
WORKSHOPS AND Attended various Confere	AS-Office, Team Work, Comm CONFERENCES ences, seminars and Workshops	on Biometric Recognition Systems, Quantum and 1	Nano Computing,
• Proficient with M WORKSHOPS AND Attended various Confere Machine Learning and Da POSITIONS OF RES	AS-Office, Team Work, Comm CONFERENCES	on Biometric Recognition Systems, Quantum and 1 Machines and Man etc.	
Proficient with M WORKSHOPS AND Attended various Conference Machine Learning and De POSITIONS OF RES ROLES	AS-Office, Team Work, Comm CONFERENCES ences, seminars and Workshops eep Learning, Super Intelligent PONSIBILITY/VOLUNT	on Biometric Recognition Systems, Quantum and I Machines and Man etc. ARY ACTIVITIES	YEAR
