About Me |

My Goal is to get a good understanding of the Product and create best possible designs to contribute in it's Success and create priceless experiences

Projects Worked

Smart Maison - Smart home App

🕒 24 hrs

Smart Maison is an app to control all your smart home gadgets in one place. A very minimal design to make it easy to use it daily and to make it a part of one's routine

Quell - Finance App

🕒 2 weeks

Quell is designed keeping in mind about the all the financial activities happening in our life daily from paying bills to securing your future by investing. We have created this app to replace multiple apps used daily for finances

LinkedIn Web Redesign

🕒 4 weeks

Our project focused on revamping the existing design and adding additional features like Post Save button, Resume Creator, Notification Sorting, Separate section for news letters

Pinterest Redesign

🕒 4 weeks

Our take on revamping Pinterest involved extensive user research, we interviewed existing users and using their feedback and Ideas we have created this new Pinterest. We have added features like Voice search, Implemented Blockchain technology for safe keeping of users work.

Technical Skills
